Profile of the College

Bharat Friends Association (BFA), a registered public education trust established the Bharat College of Arts and Commerce under the leadership of a great visionary (Late)Shri T.V. Sarooop in 1991 with linguistic (Sindhi) minority status with the sole aim of providing quality higher education. The College is permanently affiliated to the University of Mumbai. It is the first degree college established in Badlapur and also the first college to be accredited by NAAC in the area. The college presently along with traditional course of B.Com. offers Self-Financing Courses such as B.M.S, B.Sc. (I.T), B.Sc. (C.S.) at undergraduate level.

The college is fortunate to have a dedicated parent body Bharat Friends Association which provides open hearted support at every stage keeping pace with the growth of the college. The college got reaccredited with Grade 'B' by the NAAC in the year 2016.

The college true to its vision of promoting and nurturing an attitude towards excellence as a life-long goal has been employing innovative ideas in education for enhancing overall skills of learners for development of their all-round personality.

About the Workshop

The modern era of ICT based teaching-learning process has posed greater challenges to the present higher education system. Waves of changes are to be initiated to cater to the needs of diversified & digital-oriented young minds. The role of research in the field of education is witnessing upward graph day by day with larger emphasis on research and innovation.

The role of faculty as a researcher is becoming imperative in the field higher education. The conceptual clarity of various aspects of research enabling effective and relevant results is the need of the day. This can be done through discussions and deliberations by way of arranging workshops and conferences by the educational institutions

To enhance the critical thinking ability, the present workshop is designed to achieve the given objectives.

Objectives of the workshop

- To give an overview of Research Methodology.
- To understand the relation between hypothesis, questionnaire framing and statistical tools to be applied.
- To provide hands on training on Application of Advanced Excel for data analysis.

Expected outcomes of the workshop

- The workshop will provide better understanding to the researcher of overall research methodology.
- The Researcher will be able to link the hypothesis with designing of questionnaire and application of the statistical tools.
- Researcher will be able to use Advanced Excel as a research tool for data analysis.
