BEST PRACTICE – 1

Rotaract club of Bharat College (RCBC)

Phase I – Creating awareness about not crossing the railway tracks

Phase II – Clean city Green city

GOAL:

- To connect the college with society
- To create awareness among the students about their social responsibility
- To enhance communication and counselling skills among the students
- To develop organisational skills

CONTEXT:

It was observed that the number of railway accidents was increasing on account of crossing of railway tracks. To create awareness Phase I was undertaken.

Phase II included beautification of Station Premises by adopting Swachta Abhiyan.

PRACTICE:

The Change Badlapur Phase-I commenced on 21st May 2016. In this project, all the people were made aware of not crossing the railway tracks, and were told that it is illegal. We got a positive response and the results were quite surprising. Phase-III “How to dispose wet and dry garbage and How to use it as a natural fertilizer”, this knowledge was spread by the project- Clean City Green City.

PROBLEM:

- Since it is not a statutory body of the college, so there is no allocation of special fund. It was possible to have long term impact of the projects on the mind of people.

EVIDENCE OF SUCCESS

- Print media coverage almost every activities of club.
- Through RCBC there is enhancement of social image of college.
- Local people appreciated and become the part of the project.
